ReduceCO2Now Website - Multimedia & Visual Guide

PART 1: MULTIMEDIA STRATEGY & SPECIFICATIONS

Video Production Guide

Hero Video (Home Page)

Purpose: Capture attention, communicate urgency, inspire action

Specifications:

- **Duration:** 30-60 seconds
- **Format:** MP4, WebM (for web optimization)
- **Resolution:** 1920x1080 (Full HD) minimum, 4K preferred
- **Frame Rate:** 24fps or 30fps
- **File Size:** Optimized for web (under 50MB for 60-second video)
- **Aspect Ratio:** 16:9 (widescreen)

Content Approach: The hero video should open with a striking visual (Earth from space, climate impacts, or global community) and transition through key messages. Use dynamic cuts, inspiring music, and clear messaging.

Message Arc:

1. **Opening (0-5 seconds):** "The climate crisis is real" — Show climate impacts
2. **Middle (5-25 seconds):** "But solutions exist" — Show renewable energy, sustainable agriculture, community action
3. **Closing (25-30 seconds):** "Join us" — Call-to-action with website URL and social media

Production Recommendations:

- Professional cinematography or high-quality stock footage
- Original music or licensed background music
- Text overlays with key statistics
- Color grading consistent with brand colors (green, blue, teal)
- Captions for accessibility (and sound-off viewing)

Hosting: YouTube (embedded on website)

CTA Integration: Video should end with "Explore Our Solutions" button

---

Explainer Videos (Solutions Pages)

Purpose: Educate viewers about each of the five pillars

Specifications (per video):

- **Duration:** 2-3 minutes each (5 videos total)
- **Format:** MP4, WebM
- **Resolution:** 1920x1080 (Full HD)
- **Frame Rate:** 24fps
- **File Size:** Optimized for web

Content Structure (for each pillar):

1. **Title Card (0-5 seconds):** Pillar name and visual
2. **Problem (5-30 seconds):** Why this pillar matters (data, impacts)
3. **Solution (30-90 seconds):** How the solution works (process, technology, examples)
4. **Impact (90-120 seconds):** What results are possible (statistics, real-world examples)
5. **Call-to-Action (120-180 seconds):** How to get involved

Visual Style:

- Animated infographics showing processes
- Real-world footage of solutions in action
- Data visualizations (charts, graphs, statistics)
- Professional voiceover (clear, engaging tone)
- Captions for accessibility
- Brand colors and consistent styling

Voiceover Specifications:

- Professional voice talent (male or female, clear accent)
- Warm, authoritative tone
- Paced for understanding (not too fast)
- Background music: Inspiring, non-intrusive
- Royalty-free or licensed music

Hosting: YouTube (embedded on website)

Examples of Content:

Pillar 1 Explainer: "Fossil Fuel Phase-Out"

- Show coal power plants, oil rigs, natural gas infrastructure
- Transition to renewable energy sources (solar panels, wind turbines)
- Explain how renewable energy works
- Show global examples (Denmark, Costa Rica)
- Conclude with impact statistics

Pillar 2 Explainer: "Carbon Capture"

- Show CO_2 in atmosphere (visualized)
- Explain direct air capture technology
- Show nature-based solutions (reforestation, wetlands)
- Real-world examples (Iceland's Climeworks, Brazil's reforestation)
- Impact statistics

Pillar 3 Explainer: "Sustainable Food"

- Show current agricultural practices
- Transition to sustainable agriculture
- Explain regenerative farming, agroforestry
- Show global examples
- Impact on emissions, health, biodiversity

Pillar 4 Explainer: "Food Waste"

- Show food waste in supply chain
- Explain where waste occurs (farms, retail, homes)
- Solutions (food rescue, composting, better logistics)
- Global examples
- Impact statistics

Pillar 5 Explainer: "Circular Economy"

- Show linear economy (take, make, waste)
- Transition to circular economy
- Explain design for durability, repair, recycling
- Global examples

- Impact statistics

Educational Videos (Resources & Blog)

Purpose: Deep dives into climate science and solutions

Specifications:

- **Duration:** 5-10 minutes each
- **Format:** MP4, WebM
- **Resolution:** 1920x1080 (Full HD)
- **Frame Rate:** 24fps
- **Number of Videos:** 5-10 initial, expanding over time

Content Topics:

- "Understanding the Carbon Cycle"
- "How Renewable Energy Works"
- "Climate Tipping Points Explained"
- "The Science of Global Warming"
- "Sustainable Agriculture Basics"
- "Circular Economy Explained"
- "Climate Justice and Equity"
- "How to Calculate Your Carbon Footprint"

Production Style:

- Expert presenter (on-camera or voiceover)
- Animated diagrams and infographics
- Real-world footage and examples
- Data visualizations
- Professional editing and pacing
- Captions for accessibility

Hosting: YouTube (embedded on website)

Event Videos (Community & Events)

Purpose: Showcase community engagement, encourage participation

Specifications:

- **Duration:** 2-5 minutes each
- **Format:** MP4, WebM
- **Resolution:** 1920x1080 (Full HD)
- **Number of Videos:** 2-3 per month (highlights from daily scrums and events)

Content:

- Highlights from daily scrum meetings
- Community event footage
- Interviews with participants
- Impact stories
- Call-to-action to join next event

Production Style:

- Documentary style (authentic, real)
- Quick cuts, dynamic pacing
- Inspiring music
- Captions with key quotes
- Diverse representation

Hosting: YouTube (embedded on website)

Infographic Specifications

Problem Section Infographics

Infographic 1: CO_2 Levels Over Time

Type: Line chart with historical context

Data Points:

- 800,000 years ago: ~200 ppm
- 1750 (pre-industrial): 280 ppm
- 1960: 315 ppm
- 2000: 369 ppm
- 2024: 425 ppm
- Projected 2100: 800+ ppm

Visual Style:

- X-axis: Time (years)
- Y-axis: CO_2 (ppm)
- Color: Red line showing dramatic rise
- Annotations: Key dates and events
- Background: Color zones (safe, warning, danger)

Dimensions: 1200x600 pixels (or responsive)

Format: SVG or high-resolution PNG

Infographic 2: Temperature Rise

Type: Area chart with impact zones

Data Points:

- Pre-industrial baseline: 0°C
- 1960: +0.1°C
- 2000: +0.4°C
- 2024: +1.55°C
- 1.5°C threshold (critical)
- 2°C threshold (catastrophic)
- 3°C threshold (irreversible)

Visual Style:

- Gradient colors (blue to red)
- Impact zones labeled
- Annotations showing consequences
- Clear, easy to understand

Dimensions: 1200x600 pixels

Format: SVG or high-resolution PNG

Infographic 3: Emission Sources (Pie Chart)

Type: Pie chart with breakdown

Data:

- Energy & Power: 35%
- Agriculture & Food: 25%
- Industry & Manufacturing: 20%
- Transportation: 15%
- Waste & Other: 5%

Visual Style:

- Distinct colors for each sector
- Percentage labels
- Icons representing each sector
- Legend with detailed breakdown

Dimensions: 800x800 pixels

Format: SVG or high-resolution PNG

Solutions Section Infographics

Infographic 4: How Each Pillar Works (Process Diagrams)

Type: Step-by-step process diagrams (one per pillar)

Example - Pillar 1: Fossil Fuel Phase-Out

Steps:

1. Current state: Coal, oil, natural gas power plants
2. Transition: Mix of fossil fuels and renewables
3. Future state: Renewable energy dominates

Visual Style:

- Left-to-right flow
- Icons representing each step
- Arrows showing progression

- Statistics showing impact
- Timeline showing when transition occurs

Dimensions: 1200x400 pixels

Format: SVG or high-resolution PNG

Infographic 5: Potential Impact of Solutions (Bar Chart)

Type: Comparative bar chart

Data:

- Fossil Fuel Phase-Out: 50% emissions reduction
- Carbon Capture: 10% emissions reduction
- Sustainable Food: 15% emissions reduction
- Food Waste Elimination: 8% emissions reduction
- Circular Economy: 20% emissions reduction

Visual Style:

- Horizontal bars
- Color-coded by pillar
- Percentage labels
- Stacked to show combined impact (103% = overachievement)
- Icons for each pillar

Dimensions: 1000x400 pixels

Format: SVG or high-resolution PNG

Impact Section Infographics

Infographic 6: Global Reach (World Map)

Type: Interactive or static world map

Data Points:

- Countries engaged: 150+
- Community members: 2.3M+
- Regional distribution (by continent)
- Partner organizations: 300+

Visual Style:

- World map with highlighted regions
- Dots or circles showing community density
- Statistics overlaid
- Color intensity showing engagement level
- Interactive version: Click for regional details

Dimensions: 1400x700 pixels

Format: SVG (interactive) or high-resolution PNG (static)

Infographic 7: Member Growth Over Time

Type: Line chart showing growth trajectory

Data:

- Launch (2020): 100,000 members
- 2021: 500,000 members
- 2022: 1,000,000 members
- 2023: 1,800,000 members
- 2024: 2,300,000 members
- Projected 2025: 3,000,000 members

Visual Style:

- Upward trending line
- Milestone markers
- Growth rate annotations
- Inspirational messaging
- Color: Brand green/teal

Dimensions: 1200x600 pixels

Format: SVG or high-resolution PNG

Photography & Visual Assets

Hero Section Photography

Style: Bold, inspiring, global

Requirements:

- High-resolution (4K or 3840x2160 minimum)
- Aspect ratio: 16:9 (widescreen)
- File size: Optimized for web (compressed but high quality)

Image Options:

1. **Earth from space** — Perspective of global interconnectedness
2. **Diverse group of people** — Global community in action
3. **Renewable energy** — Solar panels, wind turbines, clean energy
4. **Nature restoration** — Forests, wetlands, biodiversity
5. **Blend of all above** — Montage or composite

Color Palette: Greens, blues, teals, with warm tones

Mood: Urgent but hopeful, inspiring action

Solutions Section Photography

Style: Real-world examples, authentic action

Requirements:

- High-resolution (minimum 1920x1080)
- Authentic, not overly staged
- Diverse representation (geography, demographics)

Images for Each Pillar:

Pillar 1: Fossil Fuel Phase-Out

- Solar panel installations

- Wind turbines in operation
- Renewable energy facilities
- Communities benefiting from clean energy

Pillar 2: Carbon Capture

- Direct air capture facilities
- Reforestation projects
- Wetland restoration
- Community planting events

Pillar 3: Sustainable Food

- Regenerative farms
- Agroforestry systems
- Farmers implementing sustainable practices
- Diverse crops and agricultural systems

Pillar 4: Food Waste

- Food rescue operations
- Composting facilities
- Community gardens
- Food distribution to vulnerable populations

Pillar 5: Circular Economy

- Repair shops and services
- Recycling facilities
- Sustainable product design
- Circular business models in action

Image Categories:

Community in Action

- Daily scrum meetings (diverse participants)
- Local chapter meetings
- Community events
- Volunteer activities
- Activism and advocacy

Animation Specifications

Homepage Animations

Animation 1: Hero Section Scroll Reveal

Trigger: Page load and scroll

Effect:

- Hero image fades in
- Headline slides up from bottom
- Subheadline fades in
- CTA buttons scale up
- Duration: 1-2 seconds per element

Technology: CSS animations or JavaScript (Framer Motion, GSAP)

Animation 2: Statistics Counter

Trigger: Scroll into view

Effect:

- Numbers count up from 0 to final value
- Animated color change
- Slight scale increase
- Duration: 2-3 seconds per stat

Technology: JavaScript (CountUp.js or custom)

Animation 3: Card Hover Effects

Trigger: Mouse hover (desktop) or tap (mobile)

Effect:

- Card lifts slightly (box shadow)
- Color shift (slightly darker or teal accent)
- Icon or image scales up
- Smooth transition (0.3 seconds)

Technology: CSS transitions or JavaScript

Animation 4: Scrolling Reveal

Trigger: Scroll into view

Effect:

- Elements fade in from left/right
- Slight slide animation
- Staggered timing for multiple elements
- Duration: 0.5-1 second per element

Technology: Intersection Observer API with CSS animations

Animation 5: Interactive Infographics

Trigger: Scroll into view or click

Effect:

- Chart bars grow from 0 to final value
- Line charts draw themselves
- Pie charts animate to final state
- Data labels appear
- Duration: 2-3 seconds

Technology: SVG animations (SMIL or CSS) or JavaScript libraries (Chart.js, D3.js)

PART 3: VISUAL STYLE GUIDE

Color Palette

Primary Colors

Primary Green: #10b981

- Used for: Main CTAs, accents, highlights
- RGB: (16, 185, 129)
- HSL: (160, 84%, 39%)
- Usage: Buttons, links, important elements

Primary Teal: #14b8a6

- Used for: Secondary accents, hover states
- RGB: (20, 184, 166)
- HSL: (168, 80%, 40%)
- Usage: Hover effects, secondary CTAs

Primary Blue: #0ea5e9

- Used for: Trust, stability, information
- RGB: (14, 165, 233)
- HSL: (198, 93%, 48%)
- Usage: Links, information boxes, secondary elements

Dark Slate: #0f172a

- Used for: Text, backgrounds, contrast
- RGB: (15, 23, 42)
- HSL: (217, 47%, 11%)
- Usage: Headlines, body text, dark backgrounds

Light Background: #f8fafc

- Used for: Page backgrounds, cards
- RGB: (248, 250, 252)
- HSL: (210, 40%, 98%)
- Usage: Page background, light sections

Secondary Colors

Success Green: #22c55e

- Used for: Success messages, positive indicators
- Usage: Form validation, success states

Warning Orange: #f97316

- Used for: Warnings, alerts
- Usage: Important notices, cautions

Error Red: #ef4444

- Used for: Errors, critical alerts
- Usage: Error messages, critical warnings

Neutral Gray: #6b7280

- Used for: Secondary text, disabled states
- Usage: Helper text, disabled buttons

Typography

Font Families

Headlines (H1-H3):

- Font: Inter, Poppins, or similar modern sans-serif
- Weight: 700 (bold) or 600 (semi-bold)
- Style: Normal
- Fallback: Arial, sans-serif

Body Text:

- Font: Segoe UI, Open Sans, or similar readable sans-serif
- Weight: 400 (regular) or 500 (medium)
- Style: Normal
- Fallback: Arial, sans-serif

Accent/Data:

- Font: Courier New, Menlo, or monospace
- Weight: 400 (regular)
- Style: Normal
- Usage: Code, data, technical information

Font Sizes & Hierarchy

Desktop Sizes:

Element	Size	Weight	Line Height
H1 (Page Title)	48px	700	1.2
H2 (Section Title)	36px	700	1.3
H3 (Subsection)	28px	600	1.4
H4 (Minor Heading)	24px	600	1.4
Body Text	16px	400	1.6
Small Text	14px	400	1.5
Caption	12px	400	1.4

Mobile Sizes (Scale Down):

- H1: 32px
- H2: 24px
- H3: 20px
- H4: 18px
- Body: 14px
- Small: 12px

Spacing & Layout

Spacing Scale

Consistent spacing system (8px base):

Size	Pixels	Usage
xs	4px	Micro spacing
sm	8px	Small gaps
md	16px	Standard spacing
lg	24px	Section spacing
xl	32px	Large sections
2xl	48px	Major sections
3xl	64px	Hero sections
4xl	80px	Full-screen spacing

Grid System

12-column responsive grid:

Desktop (1200px+):

- 12 columns
- 20px gutter
- Max width: 1200px

Tablet (768px-1199px):

- 8 columns
- 16px gutter
- Max width: 100%

Mobile (320px-767px):

- 4 columns
- 12px gutter
- Max width: 100%

Container Sizes

Max Width: 1200px **Padding (sides):** 20px (desktop), 16px (tablet), 12px (mobile) **Padding (vertical):** 40px (desktop), 24px (tablet), 16px (mobile)

Imagery Style

Photography Style

Characteristics:

- Authentic, not overly staged
- Diverse representation (age, gender, ethnicity, geography)
- Action-oriented (people doing things)
- High quality (minimum 1920x1080)
- Color-graded consistently
- Professional lighting

Color Grading:

- Warm, inviting tones
- Slightly saturated greens and blues
- Natural skin tones
- Consistent across all images

Subjects:

- Real people in action
- Global locations
- Environmental restoration
- Community engagement
- Technology and innovation

Illustration Style

Characteristics:

- Modern, clean lines
- Consistent stroke weight

- Flat or semi-flat design
- Consistent color palette
- Accessible (high contrast)
- Professional quality

Use Cases:

- Icons for features
- Infographic elements
- Process diagrams
- Decorative elements
- Empty states

Icon Style

Characteristics:

- Consistent stroke weight (2px)
- Rounded corners (4-6px radius)
- 24x24px base size (scalable)
- Consistent padding
- Accessible (meet WCAG contrast)

Icon Library:

- Use Feather Icons, Heroicons, or similar
- Maintain consistency across site
- Create custom icons for unique needs
- Ensure all icons are accessible

Component Styles

Buttons

Primary Button:

- Background: #10b981 (Primary Green)
- Text: White
- Padding: 12px 24px
- Border Radius: 6px

- Font Weight: 600
- Hover: Background #059669 (darker green)
- Active: Background #047857 (even darker)

Secondary Button:

- Background: Transparent
- Border: 2px solid #10b981
- Text: #10b981
- Padding: 10px 22px
- Border Radius: 6px
- Font Weight: 600
- Hover: Background #f0fdf4 (light green)

Tertiary Button:

- Background: Transparent
- Text: #10b981
- Underline: On hover
- Font Weight: 600
- Hover: Text color #059669

Cards

Card Style:

- Background: White
- Border: 1px solid #e5e7eb (light gray)
- Border Radius: 8px
- Padding: 24px
- Box Shadow: 0 1px 3px rgba(0, 0, 0, 0.1)
- Hover: Box Shadow 0 4px 12px rgba(0, 0, 0, 0.15)

Card Variations:

- Featured Card: Accent border (2px #10b981)
- Image Card: Image on top, content below
- Icon Card: Icon, title, description
- Testimonial Card: Quote, author, photo

Forms

Input Fields:

- Background: White
- Border: 1px solid #d1d5db
- Border Radius: 6px
- Padding: 12px 16px
- Font Size: 16px
- Focus: Border color #10b981, box shadow

Labels:

- Font Size: 14px
- Font Weight: 600
- Color: #1f2937 (dark gray)
- Margin Bottom: 8px

Placeholders:

- Color: #9ca3af (medium gray)
- Font Style: Normal

Error States:

- Border Color: #ef4444 (red)
- Error Message: Color #ef4444, Font Size 12px

Navigation

Top Navigation Bar:

- Background: White
- Border Bottom: 1px solid #e5e7eb
- Height: 64px (desktop), 56px (mobile)
- Sticky: Yes
- Logo: 40px height
- Links: 16px font, 600 weight, #0f172a color
- Active Link: #10b981 color or underline
- Hover: #10b981 color

Mobile Menu:

- Hamburger Icon: 24x24px
- Menu Overlay: Background rgba(0, 0, 0, 0.5)
- Menu Panel: Background white, slide from left
- Menu Items: Full width, 48px height
- Close Button: Top right

Responsive Design Breakpoints

Mobile First Approach:

Breakpoint	Width	Device
xs	320px	Small phones
sm	640px	Phones
md	768px	Tablets
lg	1024px	Small desktops
xl	1280px	Desktops
2xl	1536px	Large desktops

Design Approach:

- Design mobile first (320px)
- Add styles for larger screens
- Use media queries for breakpoints
- Test on multiple devices
- Ensure touch-friendly on mobile

Accessibility Guidelines

Color Contrast

WCAG 2.2 Compliance:

- Normal text: Minimum 4.5:1 contrast ratio
- Large text (18px+): Minimum 3:1 contrast ratio
- UI components: Minimum 3:1 contrast ratio

Color Combinations to Avoid:

- Green on red
- Red on green
- Light gray on white
- Dark gray on black

Typography Accessibility

- Minimum font size: 12px (14px preferred)
- Line height: 1.5 minimum
- Letter spacing: 0.02em minimum
- Avoid all caps for long text
- Use sans-serif fonts for body text

Interactive Elements

- Visible focus states (outline or highlight)
- Minimum touch target size: 44x44px
- Keyboard accessible (Tab navigation)
- Clear, descriptive link text
- ARIA labels for icons and buttons
